PROCEDURE FOR ELECTION OF CLASS OFFICERS

Eligibility: Students must be academically eligible at the time of election and have no Out of School Suspension (OSS) events during that year.

Offices: President, Vice President, Secretary, and Treasurer.

Petitions: A student who wants to be a candidate must be nominated by means of a petition. The student must state on the petition the office that he is seeking and also obtain **10 signatures** of members of his class, which endorse his candidacy for the designated office. Petitions will be filed for the office of president, secretary, and treasurer. Vice-presidents are the runners-up to the students elected for the presidencies.

Petitions may be obtained from social studies teachers before the start of school, during homeroom periods, and after a class. **PETITIONS WILL NOT BE GIVEN DURING CLASS TIME.** A student **MAY NOT SIGN** more than one petition for any one office.

PETITIONS MAY NOT BE SIGNED DURING CLASS TIME.

Elections: All classes will elect officers during social studies classes of a designated date. Ballots will be cast for each office, with the winner to be determined by plurality vote; the candidate receiving the most votes is the one elected. The candidate for the presidency who receives the second highest number of votes will become the vice president.

Ties: In the event that two or more candidates are tied for the greatest number of votes received, there will be a second ballot for the office in question. The candidate receiving the greatest number of votes will be declared the winner. Should a tie occur again after the second ballot, a third ballot will follow. Successive balloting will be done until one candidate receives the greatest number of those votes cast. The same procedures will be followed if there is a tie for the vice presidency.

Impeachment of Officers: Any officer of a class may be impeached. A petition stating the cause for this action and signed by 10 class members must be presented to the class advisor. A class meeting will then be held to take action. Voting will be done via secret ballot and a minimum of 2/3 vote of those present at the meeting will be required to remove the officer from the office held.

IV. ACADEMICS/ GUIDANCE

COMPUTING FINAL AVERAGES:

Quarter grades are not accumulative. Every quarter is a new beginning. The final average in a semester (20-week) course is computed by adding each quarter grade and the final examination grade and dividing by three (3).

The final average in a full-year (40-week) course is computed by adding the four quarter grades and the final examination grade and dividing by five (5).

DROPPING OR CHANGING COURSES:

A student may drop a 40-week/full year course **only up to the 5-week mark of the first quarter of the school year** with no penalty on his/her transcript. Should a student want to drop after the 5-week mark, he/she must first appeal to the High School Principal/Superintendent, and if necessary, the School Board. Should a drop be granted, a DP (Drop Pass) or a DF (Drop Fail) will be added to the student's transcript.

A student may drop a 20-week/half year course **only up to the 3-week mark of the first or third quarter of the school year** with no penalty on his/her transcript. Should a student want to drop after the 3-week mark has passed, he/she must first appeal to the High School Principal/Superintendent, and if necessary to the School Board. Should a drop be granted, a DP (Drop Pass) or a DF (Drop Fail) will be added to the student's transcript.

NATIONAL HONOR SOCIETY

National Honor Society is an honors club, which serves the school and community in many ways. Selection is made after consideration of each nominated student on the basis of character, service, leadership, and citizenship.

Any student in grade 11 or 12 who has an average of 90 or higher may be considered for the National Honor Society. Any student in grade 8 or 9 who has an average of 90 or higher may be considered for the National Junior Honor Society.

Laboratory Guidelines for
Regents Science Courses

1. Students are responsible for all of the laboratory work conducted during the course. Lab grades make up a portion of each quarterly grade.

2. According to the New York State Education Law, all students enrolled in a Regents science course must have a completed and satisfactory laboratory report for each activity. These reports must be kept by the School for a minimum of 6 months beyond the completion of the course and submitted to The State Education Department if requested.
3. The criteria for a satisfactory laboratory report includes but is not limited to:
 - The student must attend and participate in the lab activity.
 - The lab report must be complete.
 - Diagrams and/or graphs must be completed and labeled as required.
 - All calculations must be shown.
 - Complete sentences must be used to answer questions.
 - Answers to questions must show effort on the part of the student and demonstrate an understanding of the purpose of the lab activity.
4. The written report must be turned in on the date assigned by the lab instructor. A late lab is a lab that is turned in after the assigned date, or a lab that is incomplete, regardless of the time it is turned in. The highest grade a late lab can receive is 64.
5. Any student who is absent on their assigned lab date must make up the lab time within one week of their return to class. Any student absent on the date a lab report is due must turn in the lab report the day of their return or it will be considered late. (see #4)
6. A letter describing this policy will be sent home to the parent/guardian of each student enrolled in a Regents Science class at the beginning of the school year. This letter will be signed by the parents, returned to the school, and kept on file.
7. Students will be placed on the ineligible list if they are missing lab reports.
8. Students in the North Collins Central Schools may, without penalty or criticism, choose an alternative to participating in activities requiring the use or dissection of organisms in science instruction. Students should inform the instructor of their request for alternative activities at least two days prior to scheduled dissections. Alternatives to participating in dissection can include: observing other students performing dissection, research assignments.

4. Students may not go to the parking lot for any reason prior to boarding the bus for vocational school or upon departure from the bus after vocational school.
5. Students who have excessive absences from vocational or high school may be removed from the program.
6. Students who miss the vocational bus will be assigned to a study hall. If the student continues to miss the vocational bus, ISD will be assigned.
7. Vocational students are to follow their regular schedule every day, including days when there are special events, such as special bell schedule, unless otherwise announced by the High School office.
8. Vocational students missing NC classes due to a field trip, **MUST** have a pre-approved absence form filled out prior to the Field Trip to be an excused absence.

SCHOOL DANCES, PROMS, AND ACTIVITIES

Attendance at North Collins Jr.-Sr. High School dances and proms shall be limited to students who are currently eligible at the North Collins High School Building. Exceptions will be made for students ineligible for one subject and are following the stay after policy.

1. Students entering the dance or prom will be required to present identification, if requested by the faculty chaperone.
2. No student will be allowed to enter a school function one hour after the scheduled beginning of said event.
3. All students who are planning to attend a school function with a non-North Collins student must obtain a permission form and have it signed by the visiting student's building principal. This form must be submitted to the North Collins Principal at least one day prior to the function.
4. Any student who is absent from school on the day of the scheduled event will not be permitted to attend the function.
5. Students leaving the event after once entering shall not be permitted to return, and must inform a chaperone.
6. Any student who is found to be in possession of an alcoholic beverage or narcotic substance of any kind, or creates a civil disturbance at the dance or prom, shall be banned for the remainder of the school year from attendance at all school dances. The student also faces legal and disciplinary action the following day.
7. The above penalties are subject to review by the Board of Education and the administration and further penalties may be imposed as relate to suspension from school.
8. **The Jr.-Sr. Prom is open to students in grades 11 and 12 only.**

The above rules and regulations apply for all school activities that are not usually opened to the public.

VI. ATHLETICS/ EXTRACURRICULAR ACTIVITIES

Eligibility of Athletes Interscholastic

If you are interested in athletics, you are eligible:

1. If you are a Jr.-Sr. high school student in regular attendance in grades 7- 12.
2. Between 12 and 19 years old on or after July 1.
3. If your parents and the school doctor approve. Proof of an approved school physical is mandatory before a student may try out.
4. If you are enrolled during the first 15 days of the semester.
5. Two weeks after transferring from another school and you are living with your legal guardian.
6. For eight consecutive semesters beginning with the semester in which you entered grade 9.

7. If you have undivided loyalty to your high school team (if you participate only in interschool competition during the season in that sport except in bowling, golf, riflery, skiing, and tennis).
8. If you have not played or practiced with a college team.
9. If you have not violated the all-star game rule.
10. If you are an amateur, having never used your athletic skill for gain, and if you have never competed under an assumed name.
11. If you are familiar with the rules of the game and the standards of sportsmanship.

Section 135.4 of the Regulations of the Commissioner of Education was amended as follows, effective March 1971:

“A pupil is eligible for interscholastic competition only when he is a bona fide student enrolled during the first 15 days of the semester registered, in three classes and physical education, and has been in regular attendance 80% of the school time. Bona fide absences caused by personal illness accepted.”

ATHLETIC TEAM POLICY

The Athletic Team Policy applies to all cheerleaders and athletes in all sports. The Athletic Team Policy will be reviewed annually by the Building Principal, Athletic Director, and Coaches.

1. Leaving or quitting a team after the first scheduled game, without informing the coach, makes that player ineligible for any other sport during the next sport season. (A player who quits soccer after the first scheduled game, without informing the coach, is ineligible for basketball. Or, a player who quits baseball during the season, without informing the coach, would then be ineligible for the following sports season: soccer or volleyball). NOTIFY the coach if your status with the team has changed.
2. Leaving or quitting a team before the first scheduled game, without informing the coach, makes the student ineligible for any sport during the next sport season.
3. All athletes will sign and abide by the Drug and Alcohol Policy for All Athletic Participation, a copy of which is available in the High School Office.
4. Athletes are expected to demonstrate good sportsmanship. Failure to act in a sportsmanlike manner will result in a suspension from the remainder of the contest being participated in and for the following contest. Further violation results in dismissal from that sport (provoking a fight, cursing, on/off the field conduct, bench conduct, attitude, red card violation, double technical expulsion, etc.)
5. Athletes are required to be in attendance at least 1/2 day on the

day of a game. Failure to do so will result in a one-game suspension directly following the unexcused absenteeism or tardiness. A student who leaves school early due to illness will not practice or play that afternoon. The Principal must approve legal excuses.

6. Equipment: All equipment charged to a player shall be returned or satisfactorily accounted for, or the player shall be assessed its cost. Payment will be made for unreturned or unaccounted-for equipment, or there will be a loss of athletic eligibility for the following sports season. No letter or certificate shall be awarded if any athletic equipment is not satisfactorily accounted for (failure to return soccer equipment or failure to pay for such unreturned equipment makes the athlete ineligible for the school year with no awards being given to that athlete).
7. The Athletic Review Board is to handle any serious violations of the above Athletic Team Policy where and when the athlete or Coach requests such action. The Athletic Review Board consists of the High School Principal, the Athletic Director, the coach involved, and one other non-coaching member of the faculty. This non-coaching member will be selected by the Review Board and involved athlete. Any athlete who feels the Athletic Team Policy has been unjustly applied to his/her situation shall have the right to appeal.
8. Players riding to and from a game must ride on the team bus unless riding with their own parents. In this case, the parent must have signed the "Drive Home Permission Sheet" and turned it in to the coach.

CONDUCT AT AN ATHLETIC EVENT

North Collins Central High School subscribes to the code of conduct prescribed by the New York State Athletic Association and is based on the premise that good sportsmanship is important. One of the fundamental reasons for having an athletic program is to develop good sportsmanship, whether a team wins or loses a game.

You can help build good sportsmanship as an athlete or as a spectator by following this conduct code:

1. Remember that as a spectator, you represent your school as much as any team member.
2. Remember that the good name of the school is worth much more than winning a game.
3. Learn the rules of the game so you can be an intelligent spectator and critic.
4. Be familiar with state and local rules of eligibility, and insist on their strict enforcement.
5. Be courteous and friendly to visiting team members and

- spectators before, during, and after the game, in the school and in the community. Leave the parking areas carefully and be aware of pedestrians.
6. Be mature in your behavior. Throwing things, pushing people, and making loud and meaningless noises may be excusable for small children, but are not for high school students.
 7. Support your team enthusiastically but with consideration and respect for the opponents, whether you are winning or losing.
 8. Applaud fine play or good sportsmanship by the visiting team as well as your team.
 9. Be considerate of an injured visiting team member.
 10. Accept the decision of the game officials as final and not to be questioned.
 11. Express disapproval of rough play or poor sportsmanship by the players representing the school.
 12. Express disapproval of any discourteous or abusive remarks from sidelines.
 13. Be considerate of your fellow spectators. Remain in your bleacher area until the game is finished.
 14. Work through the Student Council and other school organizations in building good sportsmanship.
 15. Acquaint adults and others in your community with the ideals of sportsmanship that your school is trying to follow.
 16. Try to make good sportsmanship a habit in your school.

**ACADEMIC ELIGIBILITY SANDARDS
EXTRACURRICULAR ACTIVITIES AND
INTERSCHOLASTIC ATHLETICS: GRADES 7-12**

The number one priority of the North Collins Jr.-Sr. High School is to educate the whole child, first by stimulating the child intellectually and then by providing a number of common experiences designed to develop the social, emotional, physical and ethical values necessary to be a productive member of society. Co-curricular programs help to provide such experiences and are, therefore, considered an integral part of the total educational program. Involvement in co-curricular activities can have a positive influence on the academic achievement of students. However, "academics" must always come first. To accomplish this objective, an eligibility standard has been established.

PROCEDURES:

1. The school will ensure that students can get academic help from 2:27 PM until 2:59 PM Monday through Thursday. Transportation will be provided.
2. Students will be obligated to stay during this period at their teachers request to make up missing work or receive remediation.
3. At the end of each 5 weeks, a list of students failing one or more classes will be generated and distributed to all faculty, advisors and coaches.
4. School Counselors will meet with any student who is failing two or more subjects.
5. Teachers are encouraged to contact the parent/guardian by phone when a student's grade(s) fall below passing.
6. Students failing two or more academic subjects for 3 consecutive 5-week periods, will be referred to the Child Study Team by the teacher.

FACULTY RESPONSIBILITY

TEACHERS: Teachers with students on the list will inform their students as to what work is not completed and will provide the opportunity for students to complete their work. Teachers are to keep track of dates and meetings with students informing them of their academic status and how they can bring their grades up. Students are encouraged to remain after school for academic help.

COACHES/ADVISORS: Coaches and extra-curricular advisors will work with faculty to ensure academic success. Any student who is not meeting academic standards is subject to ineligibility for extra-curricular activities. Appropriate actions may include sitting out for athletic games or parts of games or suspensions from club activities.

VII. CODE OF CONDUCT

(North Collins Code of Conduct is fully aligned with the Dignity For All Students Act of 2010)

The Students' Rights and Responsibilities

IT IS THE STUDENT'S RIGHT TO:	IT IS THE STUDENT'S RESPONSIBILITY TO:
Attend school in the district in which the parent or legal guardian resides.	Attend school daily, except in the case of legal excuse.
Expect that the school will be a safe and orderly place for all students to pursue an education.	Follow classroom, hall, bus, and school rules and procedures. Encourage other students to conduct themselves in accordance with these rules.
Expect their school and community to provide clean, safe, and functional school facilities.	Do all that can be done to maintain such an environment and not engage in such activities that detract from school facilities.
Express opinions verbally or in writing.	Express thoughts in a manner that is not slanderous or obscene. The expression should not incite others to damage property, do physical harm, break school rules or criminal laws.
Be afforded an opportunity to develop school publications such as school newspapers and the yearbook.	Refrain from libelous and obscene statements and observe the rules of responsible journalism.
To express oneself as it relates to dress and physical appearance.	Refrain from dressing in a manner which causes distraction with regard to the educational process.
Be represented by an active student government.	Take an active part in student government through informed participation.
Participate in after school activities, clubs, student government, athletics, dances and other school functions.	Follow rules governing participation and eligibility.
Be afforded an opportunity to respond (due process) in the event of a disciplinary action.	Be aware of and abide by all rules and regulations that govern the student body in order to avoid disciplinary action.
Be provided protection of personal property.	Secure possessions in a locked hall or gym locker. Refrain from giving out locker combinations or sharing lockers with others.

This code of conduct is an expression of the behavior patterns that are expected of students at North Collins High School. We believe that by accepting and fulfilling appropriate responsibilities, students will value the resulting privileges. This code of conduct is meant to be preventative in nature. In the event of unacceptable behavior, students will be required to accept penalties, or loss of privileges. We will maintain contact with parents and guardians to ensure that the policies and consequences of the code are understood and successfully implemented.

The common core of our instruction teaches civility, citizenship, and character education by expanding the concepts of tolerance, respect for others, and dignity to include: an awareness and sensitivity in the relations of people, including but not limited to, of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientation, gender identity or expression, and sexes.

Our North Collins Central School Discipline Code is comprised of the following major actions, which may be taken by administrators for those who violate school regulations: after-school detention, ISD, loss of privileges, OSS at an alternative educational site, or in extreme situations out of school suspension at home.

The disciplinary code outlines student conduct in the major areas of a student's daily life at school. As a guideline, the code may not cover every situation that occurs, or every degree of behavior, or every variation in every given disciplinary encounter. It is noted that any behavior that is illegal, which interferes with the learning of others, or that compromises the safety of any member of the school community is considered a violation of the code, whether or not mentioned in the code.

This code shall apply to all school settings and functions during, before, and after the normal school day, including classrooms, hallways, lavatories, cafeterias, parking lots, school buses, and school-sponsored athletic events, field trips, and social activities, as well as any digital communication and social media sites.

Any inappropriate electronic communications which compromise students' ability to learn or meet high academic standards, or compromise the school's ability to educate students, will be subject to disciplinary action, whether the incident occurred on school property or not.

Depending on the nature of the violation, student discipline would be progressive in nature, i.e., a student's first violation may merit a lighter penalty than subsequent violations, except in those cases where a "zero tolerance" policy has been established, or where a specific consequence has been indicated.

Range of disciplinary actions is not listed in any order of progression. Some specific types of misconduct may warrant specific, automatic disciplinary actions.

SUSPENSION

A student may be suspended according to the rules and regulations of the Commissioner of Education of the State of New York. A student who is subject to suspension shall be informed of the reason(s) for the suspension and shall be given an opportunity to respond to the reason(s). Students may be suspended either in school or at the Alternative Suspension Site. In severe cases, a student may be suspended at home. A student who has been suspended out of school may not, during the period of suspension, trespass upon school property. All students who are suspended may not participate in or attend school functions, including co-curricular and athletic

activities, until they are reinstated or receive authorization in writing from the principal.

A student who has been suspended in school will be assigned to the In-school Suspension Room. During this assignment, the student will be allowed no privileges, including early release.

A student who has been suspended to the Alternative Suspension Site will be provided work while in attendance there, and will receive grades for that work. If a student is suspended to the alternative suspension site and does not attend, there will be no work or grades provided for the time spent at home. This will result in zeroes for that period of time.

Students suspended from the home school are also suspended from the BOCES occupational centers. The reverse is also true.

IN-SCHOOL DETENTION (ISD)

Students who have been suspended from classes because of violations of the discipline policies stated herein may be assigned to the In-School Detention (ISD) Room for a maximum of five days. Students assigned to this room are to report promptly by the start of 1st period, prepared to begin work as first period begins. Students are to be working the entire time spent in ISD. If students do not have work, the teacher will make an assignment. Failure to comply with the teacher in charge of ISD or be gainfully employed while in ISD will result in further disciplinary action. Students will not have privileges during the time assigned to this room. There will be no early dismissal privileges while in ISD. Students are allowed lav privileges only when accompanied by a teacher. Repeated offenders will also be assigned after-school detention and will be escorted after ISD to the detention room, where they will remain until 2:59 p.m. Reassignment to the regular classroom will depend upon the student's willingness to accept responsibility outlined by the teacher/administrator. ANY STUDENT WHO EXCEEDS 10 DAYS CUMULATIVE FOR THE YEAR IN ISD COULD BE SUSPENDED OUT OF SCHOOL.

TOBACCO PRODUCTS/ ALCOHOL/ DRUGS

The North Collins School District is committed to educating our students on a healthy lifestyle. The misuse of tobacco, alcohol, or other psychoactive chemicals inhibits the realization of a healthy lifestyle. Primary and secondary prevention and educational efforts are significant parts of our school policy and procedures.

The possession, use, distribution or being under the influence of tobacco, alcohol, or other "drugs" are prohibited on school premises,

at school-sponsored activities, in school-related vehicles or surrounding areas.

Consequences for violation of this policy are found on Pages 30-31 under "Endangerment (A)" and "Endangerment (B)."

Should any student, under a doctor's care, have to take prescription medication(s), the school nurse must be notified and the medication held secure in the clinic, and dispensed under the supervision of the nurse. A parental written notification must also be made.

LUNCH ROOM RULES AND REGULATIONS

1. All students are to report to the cafeteria as individually assigned for lunch on time.
2. All students are to remain seated throughout the lunch period, except when trays are returned to the kitchen. No standing or walking around will be permitted.
3. Each student is responsible for the cleanliness of the area where he/she sits. He/she should collect all refuse and deposit it with his/her tray.
4. Throwing of papers, straws, food or any other materials will not be permitted.
5. All students are expected to go to the lavatory or get a drink either before or after lunch.
6. If a student defies the teacher in charge of the cafeteria lunchroom, he/she will be sent to the principal immediately. A student may be moved to lunch detention for any inappropriate behavior.
7. No food or drink will be removed from the cafeteria, with the exception of afternoon vocational students or any student without a scheduled lunch period with permission of the principal.

10. When crossing the street or highway, look both to the right and left; walk, do not run.

SCHOOL EMAIL

All North Collins students have access to a school email account. You may communicate with both teachers and students through this email account. You may also submit electronic assignments to teachers as attachments. Students are expected to use this educational tool in a professional manner using proper grammar and complete sentences.

VIII. ATTENDANCE

ATTENDANCE POLICY

The educational program offered by North Collins Central Schools is predicated upon the presence of the pupil and requires continuity of instruction and classroom participation. The regular contact of pupils with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose. Therefore, the Board of Education urges all parents/guardians and students to make every effort to enjoy the fullest benefits from the educational program.

- A. Excused and Unexcused Absences: A student who is absent from school must provide a valid written explanation or a phone call from a parent or guardian must be made to the attendance office including the date and a specific reason for the absence when he/she returns. A student who is absent for an appointment is encouraged to be in attendance for as much of the day as possible.
 - a. The Board of Education recognizes absences from school for the following reasons as **EXCUSED**:
 - (1) Student illness
 - (2) Serious illness or death in the family
 - (3) Medical or dental appointments
 - (4) Pre-approved educational trips, conferences, lessons, labs, tests, and assessments
 - (5) Impassible roads or extreme weather conditions
 - (6) Late bus
 - (7) Approved religious observances
 - (8) Quarantine
 - (9) Required court appearances
 - (10) Incarceration

- (11) Scheduled counselor or administrator appointment
- (12) Pre-approved college visits
- (13) Pre-approved family vacation
- (14) Appointment for road test
- (15) Military obligations
- (16) Out-of-School Suspensions
- (17) Emergency situations as approved by the building principal or Superintendent

b. The Board of Education recognizes absences from school for the following reasons as **UNEXCUSED**:

- (1) Visiting
- (2) Non-pre-approved trips, vacations, and conferences
- (3) Employment
- (4) Obtaining a learner's permit
- (5) Overslept
- (6) Missed bus
- (7) Shopping
- (8) Babysitting
- (9) Hunting/fishing
- (10) "Skip Day"
- (11) Truancy (absence from school without knowledge or permission of a parent/guardian)
- (12) Car trouble

B. Course Credit: The North Collins Board of Education requires that students attend all scheduled classes every day.

a. All **EXCUSED** class absences must be made up as directed by the classroom teacher. In addition to the excused absences listed, an absence authorized by an administrator will be considered excused. Twenty (20) minutes or more missed from any class (either through tardiness or early dismissal) will count as an absence. Students assigned to a designated academic center for in-school suspension or out-of-school suspension will not be considered to be absent from class.

- (1) Students absent from class have the obligation to contact their teachers within five school days of their return to class concerning the make-up work. Failure to contact the teacher will result in a "zero" grade being assigned to the work missed and retention of the absence.

- (2) Teachers will require that the make-up consist of class work and/or other instructional practices.
 - (3) After-school instructional sessions take precedence over extracurricular and non-school activities.
 - (4) Failure to meet reasonable deadlines established by the teacher will result in a “zero” grade being given to work missed. Although teachers will consider extenuating circumstances, completed make-up work will normally be required within one week of the student’s return to class.
- b. Class absences as a result of unexcused absences from class as defined in Section A(b) of this policy may not be made up. Class absences other than those noted in subsection (a) above may not be made up.

C. Disciplinary Procedure:

Students will have **three (3) school days**, beginning with the subsequent return date from school, to submit written documentation to verify all absences (excused and unexcused).

Disciplinary measures will be taken to discourage truancy, according to the following responses to unexcused absence:

5 Unexcused Absences:	4 PM Detention
8 Unexcused Absences:	4 PM Detention
Each Subsequent Unexcused Absence:	4 PM Detention

Denial of Credit Procedure:

The teacher will submit the appropriate warning level Form to the principal’s office. The principal will meet with the student and the school will send written communication to the parent/guardian informing them of the absences and reminding them of the policy and potential consequences. The following chart is a list of each notification level.

	Full-year course	20-week course	10-week course
Level I Notification	10	5	4
Level II Notification	14	7	5
Level III Notification	18	9	6
Final Notification Credit Withheld	20	10	7

Final Notification - When a student has accumulated twenty (20) retained absences in a full-year course, ten (10) retained absences in a one-semester course, or seven (7) retained absences in a 10-week course, which have not been made up, the teacher will submit an Attendance Form to the principal's office. The principal will meet with the student and schedule the student for a meeting with the Attendance Committee. The school will send written communication to the parent/guardian encouraging their attendance at this meeting. Student attendance is required. At the meeting, the process will be reviewed to assure that due process has been observed. The Committee will render a decision regarding removal from course, denial of course credit and/or other appropriate measures to address the pattern of absence. This decision will be documented in a letter to the parent/guardian.

Home Instruction - A District-approved tutor may be assigned to provide at-home instruction for a long-term illness. Absences during a period of home instruction will not be counted in the application of this policy.

D. The building principal reserves the right to assign appropriate consequences for unexcused tardiness and/or absence.

FIELD TRIPS

Unless a student has an excused absence, they will be expected to attend academic field trips with their class.

TRUANCY

A child sent to school, whose parents expect him to be in school, who does not attend school for other than lawful reasons, is a truant.

TARDINESS FOR SCHOOL

Any student who is tardy for school must have a written, legal excuse indicating illness or an appointment. Tardiness without such an excuse will be considered unexcused and students will be assigned a detention the same day.

EARLY DISMISSAL

Requests for early dismissal from school are to be written by parents and presented to the attendance clerk, with the reason for the dismissal specified. Dismissal for personal reasons will be considered an unexcused absence. Phone requests for early dismissal are not appropriate except in emergency or unusual conditions.

VOCATIONAL SCHOOL ATTENDANCE

Consequences for students who are truant from vocational school will be the same as other students in the regular NCCS program receive.

LATE ARRIVAL & EARLY DISMISSALS FOR SENIORS

Members of the senior class may arrive late to school or be excused early under these conditions:

1. The student is scheduled for sufficient credits to graduate. This must be certified by the school counselor.
2. Consecutive study halls from a given period to the end of the day constitute an early dismissal. Example: a student may leave school at the end of the 5th period if the student has consecutive study halls 6th, 7th, 8th, and 9th periods. Late Arrival will only be allowed where consecutive study halls appear in a student's schedules from the beginning of the school day until a given period. For example, a student may come in to school for 4th period if the student has study halls 1st, 2nd, and 3rd periods.
3. The student must be academically eligible as specified in the Academic Eligibility for Extracurricular Activities and Interscholastic Athletics (see page 23). Although Late Arrival & Early Dismissal are not extracurricular activities, the minimum academic standard set in this policy are to be met to continue the privilege.
4. The student must not be in school or on school property during the time of late arrival/early dismissal. Loitering around school will result in the suspension of this privilege.

The student must complete and sign the necessary permission form. A parent signature is necessary.
